NYC
Aah. Even though I decided I'd tell
now as I thought it's really difficult
Ah! Andrea!

How is that project going?
It's about 80% done.
As expected form Andrea! You're always so fast at your work!
Hey, Gabe. What are you looking for?
Emile!
Ah! Isn't that Andrea Bower over there.
Coven Computers' capable software development chief?
She does not.
It's no wonder she looks down her nose at people.

Too bad for you
But I heard she's going out with Brett from the sales department.
What is it Andrea?
I'm sorry president, could I have a moment?
I'm sorry, all of the sudden...
Then, come to my office.
Out here is a bit...
Don't worry about it

I really don't want to
Is there something you're worried about, Andrea?
but I have to tell him.
As a matter of fact, president, I'm...

Endometriosis?
...yes.
That's a female-only disease.
I've had 2 surgeries before
but now I've re-lapsed.
I need to have another surgery.
Is it that bad?
...yes.

You're only 28! You're too young!
President, I've had this disease since I was 17.
Before entering this company I had 3 surgeries and I think that any more than that is just too much.
Not being able to have children is unfortunate but...
Is there any other method you could try before you become unable to have children?

No..
I was hiding it.
I'm sorry that I didn't realize at all.
So you're sickness will be cured after surgery?
Yes.. Although, in order to be cured I will need a hysterectomy.
Hysterectomy!?

If I got pregnant it would be a different story but that's not possible.
It's no good, the endometriosis is so bad that I need to have it removed within 6 months.
Huh? So you already broke up with Brett from sales?
WHERE DID YOU HEAR THAT!?
Why not? Won't your lover help out?
THERE'S NO ONE LIKE THAT!
I can't believe he knows about that..
I've only gone on 2 dates with him.
Rumors.

Oooh?
Our relationship is not like that!
This is silly I've heard rumors about the president as well.
Anyways, please pick my replacement either today or tomorrow.
What?
Replacement ?
I would like to resign.

I'm going to return to Searsdale and help in my parents' gift shop
DON'T JOKE AROUND!!
RESIGN!? WHAT DO YOU INTEND TO DO AFTER THAT!?
Have you looked at any other options?
The president yelled !?
flinch
Eh!!
!

Other options?
I'm not thinking about going to a sperm bank.
I want my child's father to be by my side and help raise the child.
I'd feel sorry for it if it only had a mother.
I see.
I won't stop you if you're determined to have the surgery.
Thank you.
Sigh
Andrea..

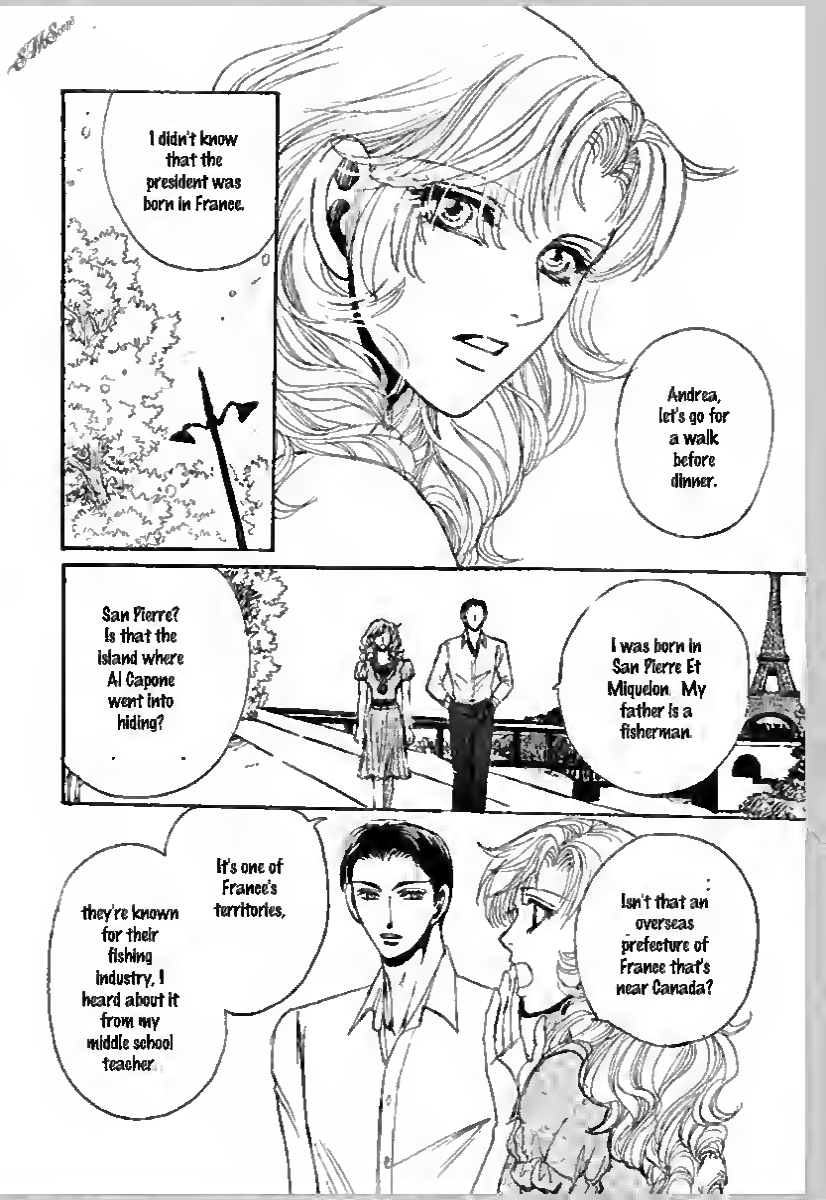
throb
ドク
Does it hurt right now?
No, it doesn't.
Throb
ドクン…
Before you resign, I want you to do one more job with my team.
Then, let's fly to Paris right now
Paris!?

It's like a dream!!
Beautiful!!
The triumphal arch is even more splendid than I imagined!!
Ah! It's the Eiffel tower!
You're like a child on a trip!
Ah!
I'm sorry. I'm embarrassing aren't I?
Do you like Paris that much?

I wanted to get married and come to France for my honeymoon!
Eeeeh.
Yes! It was one of my dreams.
Even if it's for work!
but just coming here makes me really happy!
Only half of it came true.

I am Gabriel Coven. I should have a reservation for 2 nights.
Bonjour Monsieur, Madame.
Bonjour.
It's not like.
You have beautiful pronunciation, like a native!
click
カチャ…
Madame, this is your room.
Eh!?

How lovely!
Even though this is for work
is it okay to have this much fun..?
But I love this atmosphere



I didn't know that the president was born in France.
Andrea, let's go for a walk before dinner.
San Pierre? Is that the island where Al Capone went into hiding?
I was born in San Pierre Et Miquelon. My father is a fisherman.
Isn't that an overseas prefecture of France that's near Canada?
It's one of France's territories,
they're known for their fishing industry, I heard about it from my middle school teacher.

That's because my mother is American.
Does your family still live on the island?
You have a good memory.
Thank you.. But isn't your nationality American?
Yes. probably.
Probably?

Splash
What are you catching?
Carp.
I'll treat you next time!
Like what?
Is everyone like that if you grow up in a fishing town?
It's the best if you fry it!
No. It's worms.
I've never eaten that
Lure?

You have a "Alright, next it's my turn!" face on
Actually I'm on France's fishing industry committee.
Eh?
YOU'RE DOING THAT ON TOP OF WHAT YOU DO AT OUR COMPANY!?
WHAT KIND OF WORK IS IT?
Things like settling disputes on fishing areas between France and Canada...

This person does that job
while managing a billion dollar company!
And solving water quality issues in these rivers..
But isn't that.
Does your hometown also have problems with the fishing industry?
You can't do that without zeal.
This man definitely loves his hometown.
If you really want to know
I'll answer you over dinner.

There will only be shell's left in the blink of an eye!
I know, right?
This moule (blue oyster) is delicious!
It's cooked with white wine, garlic, and cream.
I wonder why this man is different from the president that I know
Aah... This is so much fun it's like a dream!
When I was a child I would compete with my siblings over who had the most shells.
Hi! I'm the second son.
Do you have many siblings?

There's champagne poured over it.
This melon is also really delicious.
Oh!
I'm jealous. I'm an only child.
Later.
Weren't you going to tell me about the problems with the fish industry?
Right now I want to dance.
Eh?
grab
Eeeeh?

It's okay
I can't dance
!!
This is the power of Paris!
Everyone loosens up here!
